## ABOUT THE STATE.

## Items of Interest Gleaned From Our Exchanges.

The first snowstorm of the winter struck Burlington early yesterday and continued all the forenoon. About eight inches fell. The street car lines were blocked up and all trains were late. The storm reached northern Vermont on Monday night, where at a number of places a foot fell. There had been practically no sleighing in Burlington this winter until yesterday.

Homer Rudd, one of the town road commissioners for the districts outside Bennington village, is defendant in one of the most peculiar suits ever brought in town. The suit is brought by Bennett & Graves, attorneys for Rollin J. Taylor and is for \$30 and costs, damages alleged to be sustained by Mr. Taylor because of being thrown from his sleigh on the public highway. It is claimed that Road Commissioner Rudd was at fault in not having the roads properly broken out and the suit is brought against him because of his alleged negligence.

The annual report of the Burlington public schools for the past year shows that the receipts for the year have been \$65,897.37. Of this sum \$2,163 was received as tuition from non-resident pupils, an increase of \$451 over the previous year. Included in this sum is \$1,117.67 brought forward from 1903. The total expenditures of the year were \$65,887.93, leaving an unexpended balance of \$509.44. The money expended on the new Archibald street school house amounted to \$21,614.58. During the year 80 teachers were employed, an increase of one over the previous year. The average attendance increased 81.

A 500 kilo watt generator is being installed at the power house at the gorge by the Burlington Light & Power company. The generator is a huge piece of machinery, weighing in the aggregate 17 tons, while one piece weighs nine tons. It was unloaded from the tracks of the Central Vermont railway at the gorge. This makes the second generator of that capacity now at the power house and in addition there are two others, one 200 kilo watts and one 225 kilo watts. The company will probably install another 500 machine in the fall.

Wilfred Ostiguy, a well known farmer at Leicester Junction, died yesterday morning at the age of 73 years. Besides a wife he leaves three daughters and four sons. On Christmas day as Mr. Ostiguy was returning from church and while walking beside the road he was run into by a man on horseback, who it is said was intoxicated. Mr. Ostiguy was taken to his home and some three or four days after the accident he suffered a shock and has since suffered two more. The last one was on Friday last week, since which time he has rapidly failed until his death yesterday. The man who ran against Mr. Ostiguy has left for New York state.

## LABOR AND PROGRESS.

In South Carolina more cotton is spun than is grown.

Batte, Mont., furnishes one-seventh of the world's supply of copper, and the Calumet and Hecla mines in Michigan furnish nearly one-eighth.

The fact that a single telephone company has within ten months made 9,000 contracts for farm telephones in New England is an indication of the enterprise of eastern agriculturists.

A small silk embroidery industry has been developed in the United States by Swiss immigrants. The capable silk embroiderer easily earns in the United States \$5 to \$8 a day, while his Swiss rival makes \$1.

## CHURCH AND CLERGY.

Baptists have a new theological seminary at Berkeley, Cal.

The Panama canal zone has been placed under the jurisdiction of Bishop Tuttle by the Episcopalians.

New York's new subway is said to be proving a boon to the downtown churches, since it enables persons living at a distance to attend them conveniently.

The movement for the consolidation of all Presbyterian denominations of India into one will be consummated this winter, and a similar movement is afoot in China.

A Henry Monarch.  
Stephen H. of Hungary abdicated out of weariness in 1231 and spent his time after that date in travel. He visited almost every continental capital, made a pilgrimage to the Holy Land and enjoyed the reputation of being one of the best traveled men of his day.

Sickening, Shivering Fits  
of Ague and Malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine, of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after-effects. E. S. Munday of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice till he took Electric Bitters, which saved his life. At the Red Cross and Parlor Drug Stores. Price, 50 cents. Guaranteed."

## CLEANLY WOMAN.

## Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

## A Satisfactory Poultry Food.

The manufacturers of "Page's Perfected Poultry Food" always guarantee satisfaction to their customers. That such a course is hardly necessary is proved by letters from hundreds of Poultrymen similar in tone to the following from C. H. Dudley, Concord, N. H.: "I have sold 'Page's Perfected Poultry Food' for four years and it has given best of satisfaction."
